GLOBAL FINANCIAL REGULATION: THE ESSENTIAL GUIDE (NOW WITH A REVISED INTRODUCTION)

DOWNLOAD

Polity, 2008. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "A superb account of the international regulatory system, together with a set of proposals for its reform that are highly relevant. While largely written before the market disruption that began in August 2007, subsequent events have tended to reinforce rather than invalidate most of its prescriptions. This book is wholly authoritative and its judgments carefully reasoned." Financial Times "Davies and Green offer an admirable starting point for coming to grips with the historical and institutional background to the ongoing debate." Spectator Business "For once the cover does not mislead. This is indeed 'the essential guide'. It sets out, elegantly but simply, to describe some of the ways in which international and national financial market regulation has evolved, some reasons why it evolved and some reasons why it has failed to keep abreast of innovation." European Voice "A first-class bluffers' tour of differing approaches to regulation and of the surprisingly short history of cross-border bodies." Financial World "A masterful, succinct and superbly clear treatise on financial regulation. I am sure it will be very well received by regulators, financial practitioners, academics and their students. This book is just the type of overview that has been needed for some time." David T. Llewellyn, Loughborough University "Financial regulation matters. We're all poorer when banks run amok or markets lurch from crisis to crisis. But most books about the rules and rule-makers of the financial economy tend to be dry and impenetrable. Davies and Green have performed an impossible feat of public service: they have demystified Basel II, credit derivatives and all the other jargon of the global financial priesthood in a lively and entertaining way." Robert Peston, Business Editor, BBC News "Global Financial Regulation is a timely review of...
